

Marsh McLennan Agency (MMA) Southeast Aviation Team

provides aviation & complementary line insurance solutions for our clients. Focused solely on aviation insurance, we speak the same aviation language as pilots & have access to all the aviation insurance carriers at the executive underwriter level.

MMA Southeast Aviation

We're currently making updates to the JSL Aviation pilot portal by partnering with Indio, a program that makes inputting & retaining information easier for our valued clients. This process requires an MMA Aviation Colleague to create a new login for you – please reach out to your Account Manager requesting a new login & we will be in touch as quickly as possible. Once you are able to login, the average pilot completes this form in less than 5 minutes with their logbooks in hand.

Alternatively, you can download & complete the fillable PDF version of our [Pilot Form](#) & email to: MMA-JSLaeroinfo@marshmma.com
